It has to be able to move and act as a collective, which requires coordination, shared trust, and responsibility—in short, a kind of cohesion based not only on physical training but on reciprocal responsibility. Art of War. And, if in any other institutions of a City and of a Republic every diligence is employed in keeping men loyal, peaceful, and full of the fear of God, it is doubled in the military; for in what man ought the country look for greater loyalty than in that man who has to promise to die for her?

CommentatorshavearguedthatMachiavellitreatspoliticsasananalogueof A work that lays the foundation for war in Europe for the next four hundred years. This is what Machiavelli recommends in chapter XX of The Prince, where he claims falsely that the histories are full of princes who have armed their subjects.
