Do not give your medicine to anyone. Therefore, it is important for patients to discuss any potential medicine substitution at the pharmacy level with their physician in advance of filling their prescription.

Takeyourfirsttabletfromtheredareaontheblisterpackcorrespondingto  
water immediately before swallowing anything with a chalky or sticky feel Take some water into your mouth Tilt your head back to help open your throat Place the pill in your mouth and swallow with the water that's at the back of your throat Drink

more water You can buy gelatin capsules at pharmacies and health-food stores and put your pills in them if they still get stuck frequently – the capsules dissolve fast in stomach acid so it doesn't affect how the medication works.
