People want their animals to have the level of care that they deserve. Got it! Research veterinarians investigate scientific problems and develop strategies and new technologies. Licensing requirements vary by state, but all states require prospective veterinarians to be licensed. You are a medic, a surgeon, a nutritionist, a family doctor and a bereavement counsellor and so much. Veterinarians care for the health of animals and work to improve public health. Veterinarians in private clinical practices treat the injuries and illnesses of animals. Veterinarians have treated species from bats to elephants and have performed surgical procedures as varied as stitching up an injured reindeer outdoors in minus 40 degrees Celsius to removing fractured teeth from a lion. Is there a student counseling or job placement service?
