The Terrorist's Dilemma is the first book to systematically examine the great variation in how terrorist groups are structured. Tracing the strategic interaction between terrorist leaders and their operatives, Shapiro closes with a series of comparative case studies, indicating that the differences in how groups in the same conflict approach their dilemmas are consistent with an agency theory perspective. Duringthefirsthalfofthe20thcenturytheAmericanhistorianCharlesAust Hence, facilitating the access to knowledge to wider publics empowers citizens and makes societies more democratic. His active research projects study political violence, economic and political development in conflict zones, security policy, and urban conflict.
