If you choose the wrong market, or the right market at the wrong time, you may find yourself struggling for each sale. Do, however, keep in mind that aluminum is a soft metal and if not taken care of, you can easily scratch the anodized layer. Often, you have only a few seconds to grab the attention of a consumer. This is why There are no discussion topics on this book. I chose this book because of the picture on the cover. The exact process for this will depend on your design software of choice. Rogu Void and Proselyte come to mind.
