Following the first training session intended for managers in the transport sector, a new session on MRV-GHG methods on urban transport to 13 Moroccan cities was held in Rabat. The aim is therefore to ensure that the students have a practical, business-oriented approach to the lobbying and to understanding the European Union Soren Hyldstrup Larsen CEO, Nordic Logistics Association. But there are several reasons

that would make it worthwhile to provide further support to small-scale fishermen: i they face less security problems than farmers in the countryside; ii Mozambique's comparative advantage in this activity; iii the availability of the sub-sector study which suggests possible lines of action, such as credit schemes; iv a credit line for small-scale fishermen could be tried out on a pilot basis since there is no competition from the emergency programme that provides free inputs ; and v the existence of a shipyards industry that can allow for backward linkages; and vi the availability of a strong institutional framework in the fisheries sector.

The increase in tobacco production stimulated under the project would have been

There were shortcomings in the genetic material provided by CARI, both in terms of purity and adherence to type, and, in the case of upland varieties, their superiority over traditional varieties. As a result of these findings a number of measures have been taken to improve credit recovery.

Coffee, cocoa and sugarcane are important cash crops.
